

STATE VIRGINIA FAIR

RICHMOND 1913 Oct. 6-7-8-9-10-11

VIRGINIA'S MAGNIFICENT EXPOSITION

A magnificent Exposition of Virginia industrial and agricultural products and resources, including Live Stock, has been provided for this year on larger and more comprehensive lines than has been heretofore attempted. This policy of expansion and innovation has been carried out in every department at enormous cost, and by persistent effort on the part of the Association. Cash prizes have been increased, a new steel and concrete Viaduct Bridge has been erected over the railroads near the grounds, at a cost of \$30,000. A large addition has been made to the Grand Stand, increasing greatly its comfort and seating capacity, and necessitating the operation of two Vaudeville Stages in order to present an unusual array of Free Attractions secured through prominent agents in both America and Europe.
